01 EXPERIENCE

JUL 2024 — FEB 2026	Enter · Baupal GmbH SENIOR PRODUCT DESIGNER Energy advisory platform for home retrofitting. - Rebuilt the on-site survey workflow around AI-readable data capture, cutting time per survey by 25% and lifting data completeness from 80% to 95%. - Designed the homeowner reporting experience, shortening report turnaround and driving an increase in retrofit sales.
JUL 2021 — MAY 2023	Cooler Future GmbH LEAD PRODUCT DESIGNER Sustainable investing app for retail investors, iOS and Android. - Led design from day one to launch across research, product experience, website and design system, establishing transparent impact data that drove users to their first investment. - Defined target audiences through research and shaped a compliant onboarding journey that reduced drop-off and saw the first 1,000 users to the platform.
FEB 2021 — JUL 2021	Something Creative SENIOR PRODUCT DESIGNER Digital product agency. Led discovery and delivery across client projects, from UX research through to shipped design.
MAR 2019 — DEC 2020	Bosch · Coup Mobility SENIOR PRODUCT DESIGNER Shared e-moped service running 5,000 vehicles across Berlin, Paris and Madrid. - Rebuilt the rider app to surface critical information during trips, improving retention and reducing support contact. - Designed the dispatcher dashboard and field-worker app, giving operations live visibility across the fleet and raising efficiency.
OCT 2017 — MAR 2019	Vivy GmbH PRODUCT DESIGNER Encrypted digital health records platform. - Designed an encrypted medical records flow that increased document retrieval. - Facilitated a design sprint with Allianz to shape invoice management and drive adoption.
OCT 2016 — OCT 2017	YunoJuno, Quidco, SuggestV FREELANCE PRODUCT DESIGNER Independent consultancy for startups and scaling platforms.
AUG 2015 — JAN 2017	CrowdScores PRODUCT DESIGNER Live football scores app.
