

James Ciclitira

Senior product designer in climate, mobility, health and fintech since 2015. I design both sides of a service: the customer product, and the ops tools and workflows behind it. I test ideas early and agree with engineering what to build. Looking for product roles.

01 EXPERIENCE

JUL 2024 – FEB 2026	Enter · baupal GmbH SENIOR PRODUCT DESIGNER Plans energy retrofits for German homes, and arranges the work. - Tested a paper survey in real visits before any engineering, then designed the field app: 25% less time per survey, and complete data up from 80% to 95%. - Owned the AI findings report shown on site, so homeowners saw results in the visit, not a week later, and the architect got a head start on the renovation plan.
JUL 2021 – MAY 2023	Cooler Future GmbH LEAD PRODUCT DESIGNER Climate investing app for everyday investors, from €20. - Led design from the first interview to public launch across app, website and design system, including the full KYC and account-opening flow. The app reached its first 1,000 users. - Built for two kinds of investor the brief had missed, and cut sign-up to what the law required.
FEB 2021 – JUL 2021	Something Creative SENIOR PRODUCT DESIGNER Digital product agency. Ran discovery and delivery on client projects, from research to shipped product.
MAR 2019 – DEC 2020	Bosch · Coup Mobility SENIOR PRODUCT DESIGNER Shared e-moped service with 5,000 vehicles in Berlin, Paris and Madrid. - Used the support call log to rebuild the rider app around where riders got stuck. - Recorded why rides were cancelled, and piloted battery swaps before building anything. - Designed the dispatcher dashboard and field app from ride-alongs, moving ops off WhatsApp.
OCT 2017 – MAR 2019	Vivy GmbH PRODUCT DESIGNER · FOUNDING TEAM Allianz-backed health record that patients keep on their phone. - Designed how patients request, store and share records, and the portal doctors reply from. - Ran a four-day sprint with Allianz to agree how patients claim back medical bills.
OCT 2016 – OCT 2017	YunoJuno, Quidco, SuggestV FREELANCE PRODUCT DESIGNER Independent consultancy for startups and scaling platforms.
AUG 2015 – JAN 2017	CrowdScores PRODUCT DESIGNER Live football scores app.
